

MY JOURNEY WITH WATER

[Información en español](#)

GIVEAWAY ALERT: Get a chance to win a FREE microfiber cloth!

Having clean, safe water is vital to our health, wildlife and environment! Start your New Year's resolution by helping save our precious resource and keep it clean. One way to do so is by using our Water for LA microfiber cloth for a waterless car wash. Washing one vehicle in the driveway wastes a hundred gallons of water!

Your journey with water continues with a waterless car wash, so enter our **GIVEAWAY** to **get a chance to win this colorful microfiber cloth!**

How to enter the giveaway:

- Enter by January 31, 2023.
- By following us at @WaterForLA on [Facebook](#) or Instagram or @WaterForLAC on Twitter AND entering through [this form](#).*
- Watch for an email in your inbox or a private message from us on your social media in the week of Feb. 6 to know if you are a lucky winner!

*Participants must provide a mailing address in LA County to qualify for this giveaway. Only until supplies last – enter today to get a chance to win!

Good luck!

I WANT TO WIN

Don't overwater. Adjust your sprinklers.

Did you know that one broken sprinkler can waste 25,000 gallons of water in six months? We must do everything needed to make every drop count, Angelenos. Remember: even small actions at home have a big impact on the environment.

Watch the short video below to see what adjusting your sprinklers means for your water-conserving efforts!

Visit [WaterForLA.com](#) to learn about other water conservation and pollution prevention ways.

1 BROKEN SPRINKLER HEAD
CAN WASTE
25,000 GALLONS

**25,000 GALLONS
OF WATER IN 6 MONTHS**
