The State Water Resources Control Board, the Los Angeles County Health Department, and the Kinneloa Irrigation District issued a Do Not Drink Advisory on January 8, 2025, due to water quality concerns following the Eaton Fire. We are pleased to inform you that this issue has been fully resolved for all areas within the District, **including the Dove Creek Townhome Complex**.

Comprehensive water quality testing has confirmed that the water now meets all state and federal safety standards for potability. Comprehensive water quality testing has been completed, and results confirm that the water meets all state and federal safety standards for potability.

The State Water Resources Control Board Division of Drinking Water (SWRCB DDW) has authorized the removal of the Do Not Drink Advisory, effective **Wednesday, January 29, 2025**, for *all* customers serviced by the Kinneloa Irrigation District.

All residents may now safely resume using their tap water for drinking and all other purposes.

Thank you for your patience and cooperation as we worked to resolve the issue. Your safety remains our highest priority.

Recommended Actions:

- **Flush Your Water Lines:** Run cold water through all taps for at least 5 minutes to remove any stagnant water.
- **Sanitize:** Sanitize water-using appliances or fixtures, like faucets, filters, and refrigerators, as a precautionary measure
- **Monitor for Water Quality:** Monitor water quality for any unusual changes, such as odor, color, or taste, and report any concerns immediately.
